

CHORUS

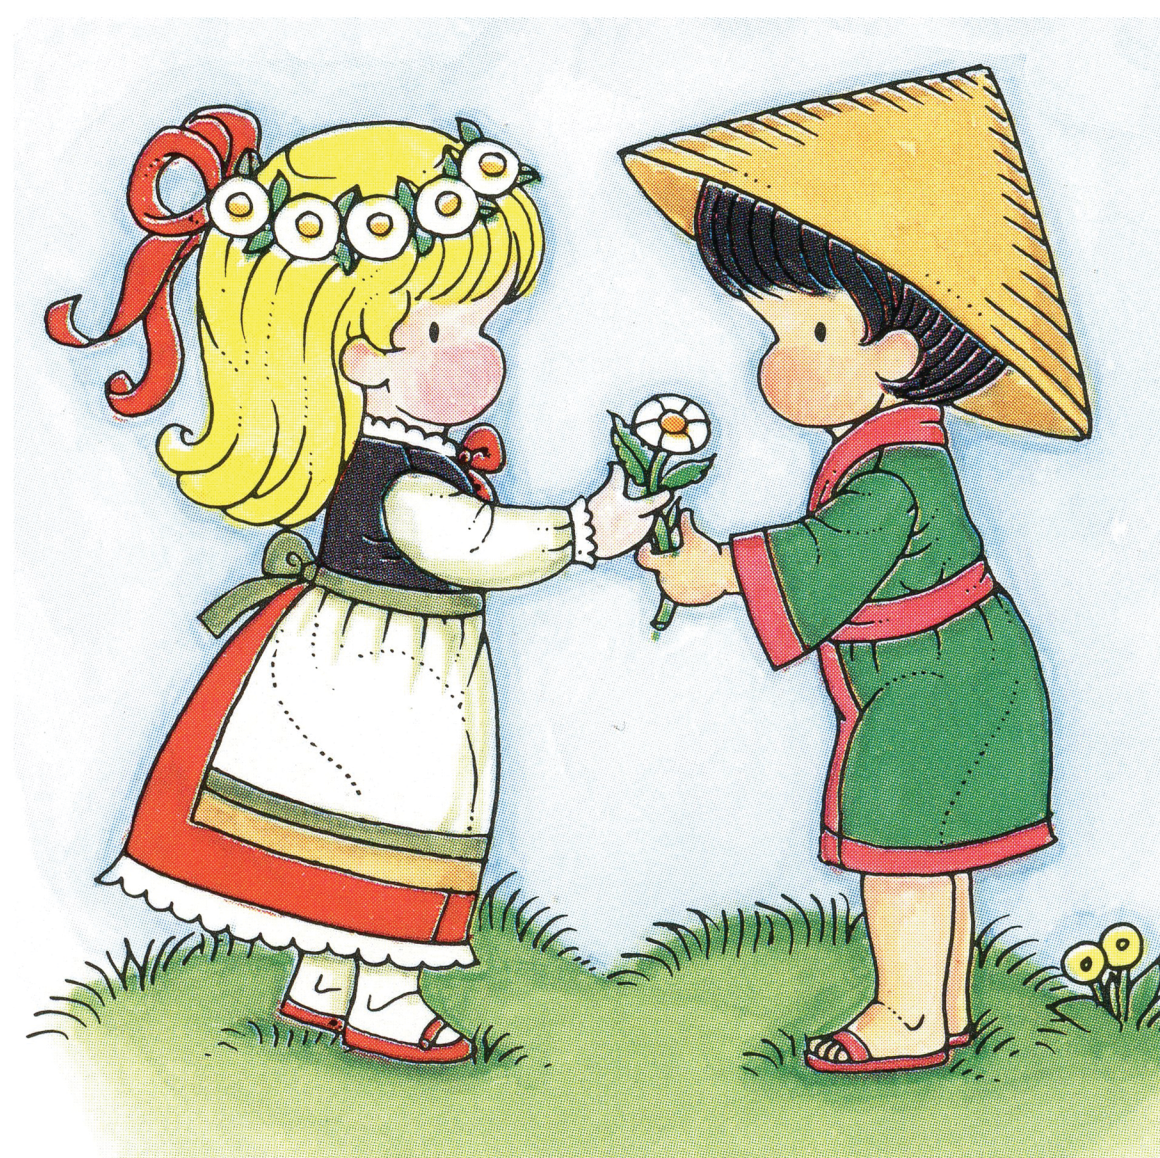

Friendliness is the best
Cure for loneliness
Friends can share everything
Sadness and happiness

Friendliness makes a
Stranger feel welcome
Look in their eyes
And smile like the sun

CHORUS

I like myself,
I know I can make new friends
I'm interested in others,
I can be myself with them

CHORUS

Will you be my friend?
I'd like to get to know you
-- I'd like for you
to know me, too

CHORUS
