

Study Circles

"It is incumbent upon every man of insight and understanding to strive to translate that which hath been written into reality and action...."

Bahá'u'lláh

Study circles provide a space where youth and adults can come together to reflect on the Bahá'í writings in order to enhance the skills and qualities necessary for a life of service to humanity. The sequence of courses provides an opportunity for personal spiritual growth and equips participants with the skills and abilities they need to trace their own path of service. This path begins with very simple acts of service which then grow in complexity as the capacities of the participants increase.
